

PARTS ONLINE USER MANUAL

COMMITTED TO SUSTAINABLE PRODUCTIVITY

We stand by our responsibilities towards our customers, towards the environment and the people around us.

We make performance stand a test of time. This is what we call – Sustainable Productivity.

WELCOME TO PARTS ONLINE

Parts Online is Atlas Copco's interactive platform where our Spare Part Manuals are stored.

This instruction document is meant to show you the two different ways to find the correct book for your machine.

There are **two** ways to find your book:

- Browsing
- Search box

When you've found the book you were looking for, this instruction document will also tell you how to search within a Parts Book to find a particular part.

BROWSING

BROWSING

On the home screen click on the desired “Product group” under browse to start your search.

The screenshot displays the Atlas Copco Parts Online interface. At the top, the logo and "Parts Online" text are visible on the left, and navigation icons (bell, shopping cart, menu) are on the right. A large banner image shows various parts like a blue helmet, a pink filter, and yellow filters. A search bar with the text "Search for anything..." and a magnifying glass icon is overlaid on the banner. Below the banner, a "Browse" section is highlighted with a blue arrow. This section contains a grid of product groups, each with a representative image and a title: "Light Compaction", "Handheld Tools", "Hydraulic Attachment", "Light Concrete", "Power Generators", "Mobile Air Compressors", "Light Towers", "Dewatering Pumps", and "Discover the platform". A "Go to Library" link is located in the top right corner of the browse section.

BROWSING

Further specify the product that you're searching for.

The screenshot displays the Atlas Copco Parts Online website interface. At the top right, it says "WELCOME JULIAN". The main navigation bar includes the "Atlas Copco Parts Online" logo, a search bar with the placeholder text "Search part, serial or keyword", and icons for a notification bell, a shopping cart with a "1" item indicator, and a menu icon. Below the navigation bar, the breadcrumb trail reads "Home / Portable Energy / Mobile air compressors". The main heading is "Mobile air compressors". Two product category cards are shown: "Electric compressors" with a yellow and black image, and "Diesel driven compressors" with a yellow and blue image.

BROWSING

Further specify the product that you're searching for.

WELCOME JULIAN

Atlas Copco Parts Online

Search part, serial or keyword

Home / Portable Energy / Mobile air compressors / Diesel driven compressors

Diesel driven compressors

- Large air
- Medium air
- Small air

BROWSING

Depending on your search you can have multiple search results under Part Books.

You can now scroll down to find your machine or add an serial number (see next page)

The screenshot displays the Atlas Copco Parts Online interface. At the top right, it says 'WELCOME JULIAN'. A search bar contains the text 'Search part, serial or keyword'. Below the search bar, the breadcrumb trail reads: 'Home / Portable Energy / Mobile air compressors / Diesel driven compressors / Small air'. The main content area shows '1 result' for the search terms 'Product type: Small air'. There are filter tabs for 'All', 'Parts Books', 'Documents', 'Pages', and 'Parts', with a large blue arrow pointing to the 'Parts Books' tab. Under 'Categories', there is a checkbox for 'AC Portable Energy (1)'. The 'Part Number' section has a text input field with the placeholder 'Type for suggestions'. The 'Part Name' section is partially visible. The search results show one item: 'XAS 88 Kd APP s/n APP438520 - 2955465001 Spare Parts List: Portable Compressor'. A 'BOOK INFO' button is located to the right of the result.

BROWSING

To add an serial number:

- First add the prefix (select from list)
- Add the number
- click on **apply**

The diagram illustrates the process of adding a serial number in two stages. The top stage shows a form titled "Serial number" with a dropdown menu labeled "Prefix" and a text input field labeled "Number". A blue "APPLY" button is to the right. A large blue arrow points down to the second stage, where the "Prefix" dropdown now shows "APP" and the "Number" field contains "404689". The "APPLY" button remains.

SEARCH BOX

Depending on your search you can have multiple search results under Part Books.

You can now scroll down to find your machine or add an serial number (see next page)

The screenshot displays the Atlas Copco Parts Online search interface. At the top, there is a search bar with the placeholder text "Search part, serial or keyword" and a "WELCOME JULIAN" greeting. Below the search bar, the breadcrumb "Home / Search" is visible. The search results section shows "2 results" for the search terms "xas88". A large blue arrow points to the "Parts Books" filter button. The results are displayed in a grid format, showing two items:

- Item 1:** XAS 88 Kd APP s/n APP404665 - APP438413
2955465000
Spare Parts List: Portable Compressor
BOOK INFO
- Item 2:** XAS 88 Kd APP s/n APP438520 -
2955465001
Spare Parts List: Portable Compressor
BOOK INFO

The interface also includes a "Categories" section with "AC Portable Energy (2)" and a "Part Number" section with a "Type for suggestions" input field. The "Media Name" section is partially visible at the bottom.

SEARCH BOX

To add an serial number:

- First add the prefix
(select from list)
- Add the number
- click on **apply**

The diagram illustrates the process of adding a serial number in a search box. It consists of two panels connected by a large blue arrow pointing downwards.

Top Panel: A search box titled "Serial number" containing a dropdown menu labeled "Prefix", an input field labeled "Number", and a blue button labeled "APPLY".

Bottom Panel: The same search box after the user has interacted with it. The dropdown menu now shows "APP", the input field contains the number "404689", and the "APPLY" button remains.

SEARCH BOX

Using the search on serial number will improve the search result

The screenshot displays the Atlas Copco Parts Online search interface. At the top right, it says "WELCOME JULIAN". The search bar contains the text "Search part, serial or keyword". Below the search bar, the breadcrumb "Home / Search" is visible. The search results show "1 result". The search terms are "Search: xas88" and "Serial number: APP404689". The categories section shows "AC Portable Energy (1)". The "Parts Books" section is highlighted with a red circle and shows "1 result". The result is for "XAS 88 Kd APP s/n APP404665 - APP438413" with a spare parts list of "Portable Compressor". A "BOOK INFO" button is present next to the result. Two blue arrows point from the text on the left to the search bar and the search terms area. The Atlas Copco logo is in the bottom right corner.

WITHIN A PARTS BOOK

WITHIN A PARTS BOOK

Within a Parts Book you can also search for a particular part.

You can browse through the book by:

1. Use the table of content
2. Clicking on the tiles
3. Use the search box

The screenshot displays the Atlas Copco Parts Online interface for the part XAS 88 Kd APP s/n APP438520. The interface includes a search bar at the top right, a breadcrumb trail, and a main content area with a table of contents on the left and a grid of category tiles on the right. Three blue boxes with numbers 1, 2, and 3 highlight the search bar, the category tiles, and the search bar respectively.

1 Use the table of content

2 Clicking on the tiles

3 Use the search box

WITHIN A PARTS BOOK

SEARCH IN BOOK, use the filter above the table of content.

The screenshot displays the Atlas Copco Parts Online interface. At the top, there is a search bar with the text "Search for anything...". Below the search bar, a breadcrumb trail reads "Home / Search / XA... LAPP s/n APP441794 -". A blue arrow points to a search filter dropdown menu on the left side of the page. The dropdown menu contains the text "filter" and a list of categories: Service, Mechanical, Engine, Electric system, and Options / accessories. To the right of the dropdown menu, there are five category tiles, each with a blue icon and a label: "Kits and consumables" (with a table icon), "Service" (with a wrench icon), "Mechanical" (with a bolt icon), "Engine" (with an engine icon), and "Electric system" (with a lightning bolt icon). Below the "Kits and consumables" tile, there is another tile labeled "Options / accessories" (with a checklist icon).

WITHIN A PARTS BOOK

The pages where your searched part is mentioned are now highlighted as shown in the example.

Click on the highlighted link to open the page within the Parts Book.
